TO:	MABAS Division 3 Box Card Committee
FROM:	Drew Smith, Fire Chief.
SUBJECT:	2020 Box Alarm Cards

Attached please find our draft 2020 PHFD box cards

These draft 2020 box cards are in response to the revision of SOG 180.

For us, the box cards remain nearly identical as the 2019 versions with the following differences:

- We will not have a DISASTER card. Our scenario is that a disaster would not only affect the City of PH but would also be affect at least one of our neighbors. With that premise I feel such a card would provide little value as the dispatchers would need to fill in quite a bit. Therefore, our standard box cards should suffice.
- We will not have a STRUCTURE FIRE with TENDERS card. We would call a separate box for tenders/tankers.
- We have eliminated separate cards for aircraft or airport emergencies. Our 2019 box cards for the airport are identical except for the ARFF response at the pre-box alarm level. Neither of the 2019 airport box card lists any special airport or aircraft resources listed on the box alarm levels. We and Wheeling use our regular structure fire responses for on-airport structure fires so these draft box alarm card should also work for the airport.

Do not hesitate to contact me should there be any questions.
